

FOR IMMEDIATE RELEASE

Management Purchases the CRO Division of Medifacts International

Management purchases assets of U.S., Germany, Poland and Shanghai

ROCKVILLE, MARYLAND (USA) / LANGENFELD, GERMANY – March 23, 2007 – Bruce N. Garrett, M.D. announced today that he has purchased the CRO Division of Medifacts International, Inc. and will continue operations under the new name of **Global Research Services, LLC**. Dr. Garrett, the former Chief Medical Officer for the Medifacts CRO, stated that “Our employees and clients have remained with our new company and we are experiencing a seamless transition for continued services. **Global Research** retains its focus on cardiovascular and metabolic diseases for emerging pharmaceutical and biotechnology companies. Our biometric center in China continues to provide 21 CFR compliant data processing services with real time data entry and review. Our goal is to expand our early-stage consulting team so that we can provide select clients with comprehensive product development services.”

Dr. Hartmut Schmied, General Manager of the European operations, stated, “Under our new moniker of **Global Research Services**, we will continue to expand our network of skilled investigators in Central Europe, leveraging our experienced staff in Poland, all of whom compliment our existing service offerings in Western Europe.”

About Global Research Services, LLC
